

# *November Recitation*

## **Belonging**

*By Sharon Stewart*

Together is better than being just one.

Belonging with others is much more fun.

The things I learn and the things I do  
are happier shared with all of you.

My heart unfolds like a butterfly's wings  
and I want to tell you so many things.

You make the doors of my world swing wide -  
just thinking of you makes me smile inside.
